Coursework

Master's Program - Accounting Information Systems / Audit Track

The MSA program at UNC Wilmington prepared me for all of the responsibilities and duties of an accountant. I was given insight into things that can go wrong and how accountants have to protect their clients and themselves. The audit track prepared me to audit in the traditional manner but also emphasized systems so that I am proficient in the IT environment.

Strengths

I love talking to people and being part of a highly focused corporate culture. Proficient in Microsoft Excel, Microsoft PowerPoint, Microsoft Access, Microsoft Outlook, and Microsoft Word. Also comfortable with using QuickBooks, SAP, MySQL, and ACL daily. Time-focused and task-oriented. Extremely advanced math skills. Work well with others and individually. Self-starter and motivated by both challenges and the opportunity to learn. Capable of adapting to any kind of work environment. Intangible ability to think of innovative ideas for the future benefit of the company.

Leadership

Captain of Intramural Basketball Team (Men's Champions 2012)

Allocated playing time to all team members including myself. Responsible for scheduling practices, coaching the team, and communicating with league representatives.

Activities

- Studied Abroad: Winter MBA Seminar with International Business Seminars (January 2013)
- Active in weekly men's bible study small group
- Recreational basketball
- Enjoy traveling, reading, art, outer space, and music
